

Leaffield Environmental design and manufacture premium recycling and litter bins in the UK, using rotational moulding, a fast and efficient method which produces consistent high quality, hard-wearing products.

AVAILABLE NOW EMOJI LITTER AND RECYCLING BIN

Designed with emoji faces in order to help younger children identify between recyclable litter: smiley face emoji and landfill waste: sad face emoji, these bins have already established their place as happy mixed waste and recycling bins thanks to their bright colours and smiling faces.

With bin bodies manufactured from recycled material, Emoji bins stand some 80cms high with a capacity of 60 litres when used with a plastic sack liner or 70 litres when used with optional moulded plastic or steel liners. Also available with matching WRAP recycling labels.

Black base made from 100% recycled plastic (subject to availability)

AVAILABLE NOW MUSHROOM BIN

Cute and colourful Mushroom bins add an element of fun to litter collection.

Manufactured from highly durable polyethylene with smooth surfaces for easy cleaning these bins are suitable for both indoor and outdoor use. They stand some 80cms high with a capacity of 60 litres when used with a plastic sack liner or 70 litres when used with optional moulded plastic or steel liners.

Mushroom bins are already proving popular with younger children who have already been heard giving the character-faced bins names. What will you call yours? Maisie... Megan...Mason... Max?
