

Installation guide

EnviroHub

LEAFIELD recycling products

Cleaning Products should be rinsed with clean water and then washed with a mild detergent solution using a bristle brush or sponge. Care should be taken not to apply undue pressure that may damage labels. Flush clean with water after washing. Non heated pressure washer can be used at no closer the 400mm away from the unit. The Pressure should be no more than 100 Bar.

Tools Cross head screw driver

Quality Standards All Leaffield Environmental products are certificated to BS EN ISO

PPE Always wear appropriate PPE equipment and follow safety guidelines.

Assembly

Line the body mouldings up using the pre drilled holes as a guide.

Taking 1 screw at a time reach in side of the 100L Envirobin. Tightening each screw by hand.
