

User guidelines

LEAFIELD litter bins

Consort

Cleaning Products should be flushed with clean water and then washed with a mild detergent solution using a bristle brush or sponge. Care should be taken not to apply undue pressure that may damage labels. Flush clean with water after washing.

Quality Standards All Leaffield Environmental products are certificated to BS EN ISO

Tools Key:

PPE Always wear appropriate PPE equipment and follow safety guidelines.

Unlocking and removing hood

1 Turn key anti-clockwise until it stops and remove key. The lock will disengage and the hood, spring anticlockwise slightly

2 Gripping bin aperture twist hood anticlockwise until resistance is met

3 Lift the hood upwards clearing the bin liner

NOTE:

LEAFIELD does not operate a refuse collection system. This must be arranged by the customer.

Removing hood and liner

Place hood onto ground

Using the two handles grip liner

Lift liner up and over base and empty

Replacing liner and hood

Relocate liner into base

Replace hood positioning over liner and lower onto base

Twist hood until it drops to lowest position

Engaging lock

With bin hood resting on base, twist hood clockwise

Continue rotating the hood until the lock is heard to engaged
