

User guidelines

Leaffield litter bins

Envirobank split liner

Cleaning Products should be flushed with clean water and then washed with a mild detergent solution using a bristle brush or sponge. Care should be taken not to apply undue pressure that may damage labels. Flush clean with water after washing.

Quality Standards All Leaffield Environmental products are certificated to BS EN ISO

Tools Key:

PPE Always wear appropriate PPE equipment and follow safety guidelines.

Unlocking and opening door

Turn key clockwise until it stops, hold key in stop position

With key turned, grip under front panel and lift bin door upward until it stops. Remove key

Pivot the door open. Once opened the door will rest in the lifted position, on the moulded support

Envirobank can be supplied with either a single wheeled liner a split wheeled liner or sack retention

NOTE:
Leaffield does not operate a refuse collection system. This must be arranged by the customer.

Removing and replacing liners

Grip wheeled liner using forward facing handle

Tilt liner away from bin body and roll free from bin and empty. Repeat removal process with second liner

Replace liners tilting away from bin body and rolling over lip on base ensuring handle is facing outwards

Locking door

Ensure both liners are flat on bin base

Push door closed

When at closed position door will drop down and engage lock automatically
