

User guidelines

LEAFIELD litter bins

Viscount Hooded

Cleaning Products should be flushed with clean water and then washed with a mild detergent solution using a bristle brush or sponge. Care should be taken not to apply undue pressure that may damage labels. Flush clean with water after washing.

Quality Standards All Leaffield Environmental products are certificated to BS EN ISO

Tools Key:

PPE Always wear appropriate PPE equipment and follow safety guidelines.

Unlocking and removing hood

1 Insert key and turn clockwise until stop. Lock will pop out and release

2 Twist bin top anticlockwise until it stops

3 Lift top upwards and off bin body

Viscount litter bins can be supplied with either a plastic liner or as sack retention

NOTE:

Leaffield does not operate a refuse collection system. This must be arranged by the customer.

Removing and replacing liner

Grip liner using the two handles

Lift liner upwards clearing the bin body and empty

Using handles to grip, replace liner

Replacing hood and locking

Replace bin top locating the bayonet and lock

Twist top clockwise to align top with body

Push lock in to engage

Additional variations: Sack retention

Stretch sack over bin body keeping liner edge above lip and taut. To remove liner pull the liner from the bin edge, gather and remove.
